# THE QUARTERLY SURVEY OF NEW YORK PRACTICE

## *Introduction \**

In this installment of the *Survey*, the reader is directed to Article 32, where two recent Court of Appeals' decisions are treated; one deals with dismissals for neglect to prosecute, the other with the offensive assertion of collateral estoppel. Other noteworthy cases will be found under Articles 3 and 31.

The *Survey* sets forth in each installment those cases which are deemed to make the most significant contribution to New York's procedural law. Due to limitations of space, however, many other less important, but, nevertheless, significant cases cannot be included. While few cases are exhaustively discussed, it is hoped that the *Survey* accomplishes its basic purpose, viz., to key the practitioner to significant developments in the procedural law of New York.

The Table of Contents is designed to direct the reader to those specific areas of procedural law which may be of importance to him. The various sections of the CPLR which are specifically treated in the cases are listed under their respective titles.
